

HORSE VITAL SIGNS BEGINNER QUIZ

1. Draw a **red square** around the thermometer. You use this to take a horse's temperature!
2. Draw a **green triangle** around the person checking a horse's pulse. You check a horse's pulse with two fingers.
3. Draw a **purple circle** around the person checking a horse's respiration rate. Respiration rate is how fast or slow an animal breathes!
4. Draw a **yellow diamond** around the stethoscope. You can use a stethoscope to listen to different sounds an animal's body makes!
5. Draw an **orange rectangle** around the person checking a horse's gut sounds. This person is using a stethoscope to listen for gut sounds.

HORSE VITAL SIGNS
