

## HORSE FACE MARKINGS

Many horses have unique markings on their faces, which helps us tell them apart from one another. These markings are usually white, but for this activity you should pick your favorite color, and create all of the face markings listed below!

### Draw a Star

A white patch on the forehead between the eyes

### Draw a Snip

A patch of white between the nostrils

### Draw a Blaze

A wide white stripe down the center of the face and nose

### Draw a Strip

A narrow white strip down the center of the face
