

THE MORGAN HORSE

The Morgan horse is known for its versatility and can excel at many different jobs! They are one of the earliest horse breeds developed in the United States. They are compact and muscular and are known for their pretty arched neck. JHTR's horse Rodger is a Morgan horse! Rodger does many different jobs at JHTR. He can be used to ride both Western and English styles. He is also great in Equine Assisted Learning activities on the ground!
